

2017 Annual Meeting and International Board Meeting 3 to 6 October

Tuesday October 3rd 9 am - 12 noon

Open discussion on priority issues and objectives for the 2019 World Clean Air Congress in Istanbul

The meeting is intended to offer members an opportunity to review how the major atmospheric science and policy issues identified in the 2016 Congress Declaration should be carried forward, and the new issues which have emerged since then and will demand a place in the agenda of the next Congress. There will be a number of introductory presentations on such issues as future energy demand and carriers and pollution from shipping, as well as our on going concerns with Short-Lived Climate Pollutants and Urban Air Pollution Management.

Tuesday October 3rd 2.00 pm

ANNUAL MEETING OF THE INTERNATIONAL BOARD OF THE UNION

In addition to important secretariat and membership issues, the Board will need to consider how it moves forward its 'One Atmosphere' Agenda, and contributes to the next stage in the development of the Climate and Clean Air Coalition

Wednesday to Friday 4-6th October

CAPPA Conference: IUAPPA and EFCA Sessions

Members are invited to attend the CAPPA conference Members wishing to do so are asked to register for the conference at www.huzz.ca. All Board members and conference participants will be accommodated at the Hotel Zora, and should reserve their rooms individually on the website of the hotel (www.hotelzora-adriatic.com).

Both the Union and EFCA will contribute International Sessions to the Conference on Thursday October 5th. EFCA's session will focus on the international issues of emissions from shipping. IUAPPA's will again be geared towards our next Congress and will focus on the challenge of controlling air pollution in contrasting cities across the developed and developing world.

The meeting will conclude with a day-long tour of the Dalmatian coastal area, on the Saturday, hosted by CAPPA.
